2.10 How to manage the collaboration process: Critical Success Factors

2.11 How to measure impact

What is the process of Managing Creativity?

Understand Concepts

What is creativity?

Creativity is the process of generating new ideas from original thinking

⇒ These ideas are the inspiration which, with some effort, can lead to innovation.

Innovation is the practical implementation of a creative idea

⇒ Innovation is the implementation of a new or significantly improved product, service, process or working practice.

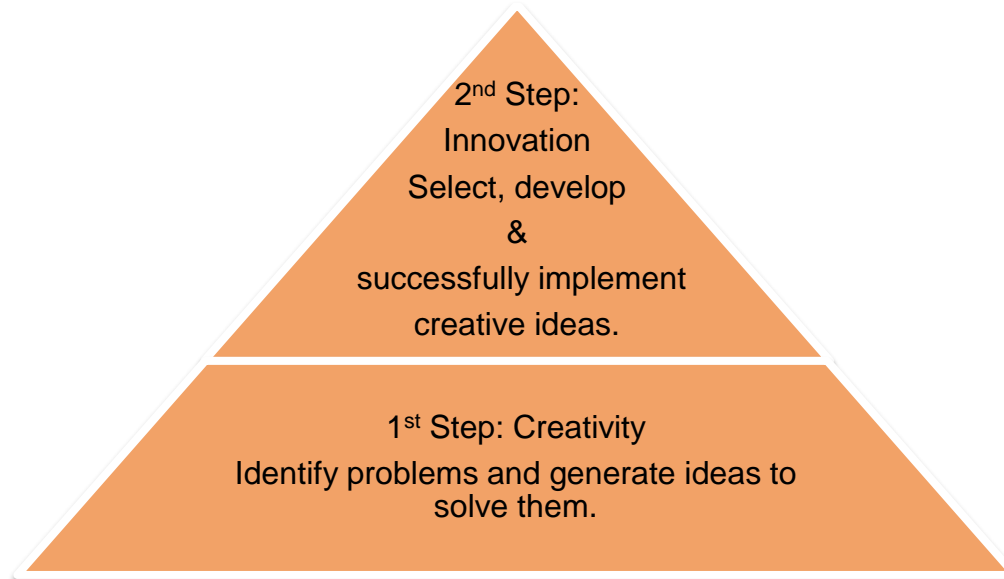

⇒ Innovation involves selecting, developing and successfully implementing creative ideas.

Understand Concepts

What is creativity?

Creativity and Innovation are two different concepts that are linked.

Understand Concepts

What is creativity?

“When Apple created iTunes it didn’t just create a faster, cheaper, better digital format for music, it altered the very nature of the relationship between music and people. eBay did not just create a platform for auctions, it changed the way we look at the experience of shopping and how community plays a role in the experience”.
(Thomas Koulopoulos 2012)

Scull J.C., 2013, Creativity, Innovation and Change

Understand Concepts

What is creativity?

- ➔ According to McKinsey, 80% of executives think their current business models are at risk to be disrupted in the near future. In addition, 84% of executives say that innovation is important to their growth strategy.
- ➔ The Accenture 2015 US Innovation Survey tells a similar story: 84% of executives considered their future success to be very or extremely dependent on innovation.
- ➔ Even back in 2010 the McKinsey Global Survey revealed that only 4% of executives have not defined innovation as a strategic priority and have no plans to do so in the future.

Understand Concepts

What is creativity?

But I'm not creative!

Many people think of creativity as being a mysterious and powerful process owned by a select and fortunate few. These are some perceptions about creativity:

You either have it or you do not.

Creativity is associated with divine inspiration

Creativity results from good fortune.

Creativity is case of being in the right place at the right time

What do you think about creativity? Are those perceptions true? Are you creative?
